phase-03-videos — Validation

Findings

Inconsistencies

None.

Ambiguities

None.

Missing Decisions

None.

Dependency Gaps

None.

Inherited Constraint Conflicts

None.

Unresolved Open Questions

None.

UI Coverage Gaps

None. — `next-frontend/` is intentionally deferred (Fase 04/05); the cross-layer upload (TD-03) and streaming (TD-07) contracts are fully specified in `phase-03-videos.md` for future frontend consumption. No UI capability is left unaddressed within this phase's backend scope.

Resolved Issues

No issues resolved yet.

Status: CLEAN
